

The Society for functional Near Infrared Spectroscopy

2016 Biennial Meeting

CALL FOR ABSTRACTS

fNIRS 2016

<http://www.fnirs2016.org/>

October 13th-16th, 2016

Paris, France

Invited speakers:

Maria Angela Franceschini – keynote (Harvard Medical School, Boston, USA)

Ippeita Dan (Jichi Med. University, Japan)

Frédéric Dehais (ISAE, Toulouse, France)

Sol Diamond (Dartmouth College, USA)

Gorm Greisen (University of Copenhagen, Denmark)

Frédéric Lesage (McGill University, Canada)

Yasuyo Minagawa-Kawai (Keio University, Japan)

Chuck Nelson (BCH, Harvard Medical School, Boston, USA)

Ursula Wolf (Bern University, Switzerland)

We are now **inviting abstract submissions** for talk and poster presentations starting from May 1st, 2016 at:

<https://easychair.org/conferences/?conf=fnirs2016>

Submission deadline: June 10th 2016, 12:00am (midnight) GMT

Abstracts must be limited to 500 words maximum. Figures, tables and references are also allowed. The whole submission, i.e. the main text as well as any figures, tables and references, should fit on one page, using at least an 11-point font. Submissions can only be uploaded in PDF format. We welcome submissions that present research on any topic in the field of functional near-infrared spectroscopy (fNIRS).

Authors are requested to choose one of the following topic areas for their abstracts:

- Hardware Development
- Multimodal Monitoring
- Data Analysis
- Neurodevelopment
- Neurocognition (adults)
- Neonatal and pediatric research
- Clinical research (adults)
- Other

Questions should be sent to fnirs2016@gmail.com
